

What Do You Consider Lethal? Train-The-Trainers Workshop

~ presented by ~

**Impact Teen Drivers
and
Prevention First**

**Tuesday, September 19th
8:30 a.m. – 12:30 p.m.**

**Prevention First
33 West Grand Avenue, Suite 300
Chicago, Illinois 60654**

Learn about:

- 📖 Evidence-based free programs, educational materials, and strategies to keep our youth safe on the roads
- 📖 How YOU can help stop the #1 killer of teens in America — Reckless and distracted Driving
 - 📖 Graduated Drivers Licensing (GDL) laws
 - 📖 Current research and trends in teen driving

Must RSVP - Limited Space

To RSVP please contact: info@impactteendrivers.org

Thank you to our sponsor:

Did You Know?

- It takes only 50 hours of behind the wheel drive time with an Illinois licensed driving instructor to get an intermediate license. Yet, a cosmetologist must complete 1500 hours of training to be licensed in IL!
- Teen drivers are at the highest risk. The crash rate (per mile driven) for 16 year olds is four times that of adult drivers.
- Having passengers is a serious distraction for teen drivers. Carrying 3 or more passengers increases the risk of a crash for 16 and 17 year olds three-fold compared to driving alone.
- Studies show that a young driver's risk of being involved in a car crash is highest in the first 12-24 months of licensure.
- Graduated Driver Licensing laws have reduced teen driving fatalities by 30-60% across the U.S.
