

**CLEAR  
THE AIR**

Funded in whole or in part by the Illinois Department of Human Services, Division of Substance Use Prevention and Recovery through a grant from the Substance Abuse and Mental Health Service Administration.

Using weed puts you at higher risk for higher risk for anxiety, depression, and schizophrenia. High levels of THC, which is found in marijuana, can result in psychotic reactions and panic attacks. Keep your cool and own the choice to stay clear of marijuana.

***CLEAR THE AIR***
