

MIND 
MATTERS

**Make it easier to make
good choices - skip the marijuana.**

**Clear thinking (without marijuana) helps you
make decisions you can be proud of!
Think about the moments in life when you're
already making great choices or how you
can start making better ones:**

- **With you friends:** _____
- **With your family:** _____
- **When no one's watching:** _____

**Don't let marijuana make it
harder to think!**

MIND
**MATTERS**

Funded in whole or in part by the Illinois Department of Human Services, Division of Substance Use Prevention and Recovery through a grant from the Substance Abuse and Mental Health Service Administration.

You can't see your brain, but it's in charge of everything you do - from every thought you think to every action you take. But when THC, marijuana's active ingredient, reaches the brain, everything slows down.

Check out how marijuana affects the different parts of your brain that you use every day:
